

# HOW YOU CAN PRAY

As we grow, we need to pray. It's what will fuel your growth in Jesus. So, we want you to pray each day of the **Grow** initiative. Below is a daily guide that will help you pray for God's kingdom to grow in us, our community and the world. In addition to these prayer prompts, **spend each day praying for your "One,"** that friend that you want to develop a relationship with. If you have not figured out who that person is, pray that God would show you. If you have a "One," then spend each day praying for opportunities to deepen your relationship and for moments when you can share the reason for the hope you have in Jesus.
